The Swedish Society of Aeronautics and Astronautics
Main branch, Stockholm*

Stockholm, 11 December, 2017

Dear delegate at the FT 2016 Congress in Solna Sweden, 11-12 October 2016,

On behalf of the Swedish Society of Aeronautics and Astronautics, (FTF), I have the honour to inform you about our next Congress on aerospace in Sweden, in October 2019.

The Congress will be the tenth in a row of events held every third year by the FTF.

The preparations are in progress for the Congress which will be held on 8 - 9 October 2019. The venue is scheduled at the Waterfront Conference Centre in the centre of Stockholm.

The format will be the same as at the previous event, i.e. a semi-national congress with plenary talks, 12 parallel sessions and a vendor's product exhibition. A gala dinner will be given on the evening of the first day.

More information about the Congress will be published on our website <https://ftfsweden.se/>

The FTF would very much appreciate your participation also at the 2019 FTF Congress – please save the dates.

Sincerely,

Dr. Roland Karlsson

Chairman FTF

Stockholm Waterfront Conference Centre
